Key

■ = Completed unit: taken/submitted in a previous series or summer 2020 deferred assessed grade

▯ = Outstanding unit: unit you originally planned to take/submit

■ = Unit must be assessed

▨ = Unit must be taught but does not need to be assessed

E = Mandatory examined

M = Mandatory moderated

For all candidates certificating in summer 2021, an assessment must be taken this year. Any units taken in a previous series or units that are eligible for a deferred assessed grade from summer 2020 are considered 'complete'.

If both units are left to complete (as no assessments were planned for Summer 2020), both must be taken/submitted.

To help support you during 2020/21, we have changed the controls for the moderated unit (R013) so that the same assignment can be used in any series this year. We have anticipated that following the advice from Public Health England and/or in the event of further disruption in teaching and learning, it will take longer to prepare and take the assessment.

We hope this removes the pressure that you would have to start a new assignment if you miss the submission deadline for a specific series.
